

Welcome to The Barrel Thief, a wine & whiskey bar established in Fremont in 2012. We're locally owned, and dedicated to bringing you a diverse and fascinating selection of fine edibles and libations from close to home and around the globe. We pride ourselves in sourcing products from small and independent producers, when possible.

Our wine list includes a healthy selection from Washington State, plus tantalizing tastes from France, Spain, Italy, and beyond. All of our 150+ wines are available by the glass, thanks to our custom bottle preservation systems. Many of our wines are available in design-your-own tasting flights, so you can feel free to explore.

Our whiskey list has over 300 offerings, and focuses on whiskeys that are local, small batch, independently bottled, and off the beaten path. We also offer two dozen whiskey tasting flights.

Our drink menu includes a healthy selection of Mezcal, brandy & other spirits. We have eight beers and ciders on draft, with a strong local focus, plus original cocktails, including several aged in-house in small oak barrels.

Thank you for visiting our little corner of the universe!
